## ABOUT PAULA

I have extensive experience in providing both Level 2 and 3 Support Coordination services throughout the Melbourne Metro and Gippsland areas. My experience has been enhanced through my roles in Child, Youth, Family and disability accommodation services.

I'm deeply committed to supporting individuals through each stage of their NDIS plan. I take pride in building strong, trusting relationships with my participants, empowering them to work towards their goals and achieve meaningful outcomes.

As a Mum of grown children, I bring a non-judgmental approach to support for clients, along with clear communication and experience of NDIS support coordination over the last 10 years.

I provide face-to-face support coordination in both the Melbourne Metro and Gippsland areas of Victoria, with the option for remote support in other regions (Australia wide).
